

# ASHEVILLE CRAFTWORKS

## CABINET SHOP AND LUTHERIE

### ASHEVILLE, NC USA

Outside view of our 1400 sq. ft. building.

1000 Sq. Ft. Main Room. There is also a Spray Room, Drying Room and Tool Lock-up Room.

This is my fiddle workbench. There are several boxes laying on the bench in the photo that are fiddles today.

My partner, Darrell Timme, designed and built this ingenious Miter Saw Table. It is not yet complete in this photo.

**Asheville Craftworks** is an informal craft co-operative located in Asheville, NC. Many varied projects are going on all the time here. These include:

- Managing and completing Home Remodel Projects.
- Designing and building Cabinets and Installed Furniture.
- Dreaming up and creating Unique Musical Instruments.
- Building small furniture including Tables, Chests, etc.
